THE UNION

VOL. XVIII.—NO. 115 PORTLAND, OREGON: MONDAY, JUNE 17, 1878. PRICE—TEN CENTS.

GENERAL NEWS.

[BY TELEGRAPH TO THE OREGONIAN.]

Murderers Hanged.

GOLDSBORO, N. C., June 15.—N. Cherry, H. Atkinson and Robert Thompson, colored murderers of the Worsley family, were executed to-day in the presence of 6,000 persons. They proclaimed their innocence to the last and were very defiant and bitter towards the prosecution.

The Liberian Emigrants.

CHARLESTON, S. C., June 15.—A cable special from Sierra Leon, May 19th, announces the arrival at the former place of the bark Azor, which sailed from Charleston April 21st with 350 negro immigrants for Liberia. There was much suffering on the voyage, water having become short. The ship fever broke out and 23 of the emigrants died. The rest were in good spirits at having reached Africa.

Suit against a Railroad.

NEW YORK, June 15.—Levi Parsons turns up as a suitor against the Missouri, Kansas and Texas Railroad Co. to compel them to recognize him as a director, claiming that he was defrauded out of re-election last month by means of an illegal convention.

Socialists' Picnic.

CHICAGO, June 16.—The Socialists held their picnic to-day, but it was perfectly orderly and peaceable. The procession numbered from 2,500 to 3,000. But few arms were carried and the police were not called to interfere. Workingmen in every part of the city express confidence that no serious trouble will occur in this city among the labor organizations.

Cold-Blooded Murder.

RIO VISTA, June 16.—About 1 o'clock to-day a stranger entered the town and inquired for John Thompson. The house was shown him, whereupon he entered, and meeting Thompson, shot him in cold blood. He surrendered himself to a constable, giving the name of J. T. Luther, and was taken to Suisun to prevent lynching. Thompson was shot in the region of the heart and died in a few minutes. He was well thought of in the community and leaves a wife and child. The cause of the shooting is unknown.

Gen. Noyes' Views on the Potter Business.

NEW YORK, June 16.—Hon. E. F. Noyes, U. S. minister to France, arrived in this city last night. In conversation with a representative of the Associated Press touching the matter that brought him back at this time Minister Noyes said:

I went to Florida for the purpose of ascertaining the vote of the state, and to see whether or not the popular vote had been cast for the Republican electors. I stated to the two Republican members of the canvassing board that all we wanted was an honest decision. I never made any promise to McLin or any other member of the board, nor did I suggest any possible reward or recognition in case Cowgill or Hayes should be finally declared elected, and so far as McLin is concerned I never saw him at one moment in my life before the vote of Florida had been cast. I am now informed for the first time that even McLin does not say I made him any promises. Had I known that before leaving Paris I should have demanded a subpena, but would have remained in France to attend to my public duties. I do not care to be more specific as it would perhaps be in bad taste, considering I am so soon to give my sworn statement to the committee.

In course of further conversation Minister Noyes said that while he did not care at this time to be interviewed he had nothing whatever to conceal. He also expressed the hope that every politician in the north, whether Democrat or Republican, would be subpenaed who had visited Florida on this business, as that would be only fair to all parties interested or concerned in the matter. It was certainly due to him since he had been so conspicuously named in the preamble of Potter's resolution.

MEXICO.

The Troubles on the Border.

NEW ORLEANS, June 15.—A San Antonio special says the following dispatch is received at headquarters this afternoon, dated Laredo, from Capt. Cunningham, in command:

Have just seen Gen. Soto, commanding on opposite side. He states that all revolutionary parties are broken up or disbanded for the present except Escobedo's, who has a small force about 60 miles above here, near Aruel. He has sent out a force to that point, and expects Escobedo to cross over into Texas to-night or to-morrow. I sent Lieut. Fountain, with 40 men, last night at midnight, to a point opposite Aruel. He will be there to-night. Gen. Soto gives the list of killed and wounded in the fight of the 9th as revolutionists killed, 17; wounded 7; prisoners 23. Government troops lost one killed and seven wounded; number of revolutionists engaged 130, government troops 105. He also states that Generals Salinas and Garcia Ayala, revolutionists, who were in the fight, are on this side of the Rio Grande endeavoring to reorganize.

CANADA.

The Quebec Riots.

QUEBEC, June 15.—Everything is quiet to-day, and a number of other laborers returned to work. The police have received information of the whereabouts of a large quantity of flour stolen by the rioters. A portion of it has been recovered and legal steps will be taken to recover the balance.

WEST INDIES.

Change of Officers.

HAVANA, June 15.—Captain General Jovellar will resign the government into the hands of General Martinez on the 17th inst., and the following day will sail for Spain.

BY ATLANTIC CABLE.

Declination of Lord Dufferin.

LONDON, June 15—The colonial office wished Lord Dufferin to remain in Canada as governor general another term, but he declined.

Protest from an Admirer of Paine.

KALAMA, W. T., June 15, 1878.

TO THE EDITOR OF THE OREGONIAN:

IN THE OREGONIAN of the 12th inst. is an account of the exercises of commencement week at Salem, containing among other things a sketch of the Baccalaureate sermon, in which either the speaker or correspondent goes out of his way to cast a slur upon the memory of Thomas Paine. He is characterized as a "drunken, loafing, philosophical bummer." Where do these gentlemen get this choice bit of historical information? Paine has certainly been very thoroughly abused for the last half century, but this character of "loafer" and "bummer" is something new. There is abundant evidence to show that he enjoyed the friendship and esteem of Washington, Jefferson, Franklin, Monroe and a host of others who were not likely to number among their friends a "drunken, loafing bummer." After the revolutionary war closed congress voted Paine a present of $3,000, and officially thanked him for his services in the cause of American liberty. The states of New York and Virginia also officially recognized his services, and made him the recipient of valuable presents. These and other well known facts connected with his life and history show that the epithets applied to him by your correspondent are undeserved and unjust.

JUSTITIA.

Something about Anderson.

[From the Philadelphia Record.]

The Lancaster *Intelligencer* says of James E. Anderson that he was, years ago, a resident of that city, and one of Judge Patterson's Sunday school scholars. He was an apprentice in the Union office, and was discharged therefrom, according to the *Intelligencer*, "for offering to the Democrats to mix their tickets with those of the Republican party, printed at the *Union* office." From this account it would seem that Mr. Anderson took with him to Louisiana certain crude notions of methods for frustrating the will of the people as expressed at the ballot box.

Quite a colony of colored men have located on Rogue river within the past year or two. They have taken up ranches and are improving the wild wastes of Flounce Rock precinct.

CONGRESSIONAL.

Senate.

WASHINGTON, June 15.

Morgan submitted a joint resolution proposing an amendment to the constitution allowing the president of the United States to approve any part of the appropriation bills, and to disapprove any portion of such bill as he may think proper; referred.

Wadleigh, from the committee on privileges and elections, made a report upon the charges that the election of Senator Grover was procured by fraud and bribery. The report says the evidence did not sustain any such charges. The committee was discharged from further consideration of the subject. Leave was given members of the committee to file their views in the case.

Windom called up the concurrent resolution extending the session until Thursday next; agreed to—yeas 35, nays 9. After the rejection of an amendment to extend the session until noon Wednesday next, by a vote of ayes 21, nays 29, the resolution was immediately sent to the house.

On motion of Howe, Wm. H. Spofford, for many years journal clerk was chosen chief clerk of the senate, vice William J. McDonald, deceased.

The committee on military affairs was discharged from further consideration of the petition that the name of John C. Fremont be placed on the retired list of the U. S. army.

Windom called up house bill to provide for expenses of the select committee on alleged frauds in the late presidential election which appropriates $20,000 for that purpose, the committee on appropriations having reported an amendment appropriating $20,000 for the investigation and inquiries already or hereafter directed by the senate of the present congress, was agreed to.

Windom then submitted an amendment appropriating $10,000 to be used under direction of the attorney general to defray any expenses that may be incurred by the department of justice for the detection of any crimes committed against the United States in the affairs or in course of the investigation, mentioned in this act; agreed to and bill passed as amended.

Amendment of the house to the bill of the senate increasing the pension of Gen. James Shields, of Missouri, to $100 per month was concurred in and the bill passed.

Saunders called up senate bill creating the Utah and Northern Railway Company, a corporation in the territories of Utah, Idaho and Montana, granting right of way to the company through public lands, and it was passed.

House.

Consideration of the bill amending the internal revenue laws was resumed.

Townsend moved to amend so as to repeal the section of revised statutes which prohibits exemption from taxation of any farmer who sells tobacco directly to a consumer, or any person other than those who pay special taxes.

Pending a vote, Conger moved to postpone further consideration of the bill until the second Wednesday in January next. On division the vote stood 70 to 101.

Regan submitted the report of the committee of conference on the river and harbor appropriation bill. The bill as agreed upon reduces the amount appropriated by senate amendments $20,000. The total amount appropriated by the bill in its present compromised form was [illegible].

Cox of New York endeavored to propound some inquiries, but his voice was lost amid cries for the regular order, and in the din and uproar that followed, with Atkins, Eden and other members all trying to make themselves heard.

Saylor offered amendment providing that reduction of the tax on tobacco shall take effect September 1, 1878, instead of on the passage of the bill, as formerly provided; adopted.

Foster offered an amendment providing that the tax on tobacco shall be collected at 24 cents per pound until 1880; amendment rejected.

Burchard offered an amendment to the former part of the bill providing that no special tax shall be imposed on vintners who sell wine of their own growth at the place where the same is made; adopted.

Turner offered an amendment permitting every producer who cultivates not exceeding one acre of tobacco to sell $100 worth of leaf tobacco per year for 1878, 1879 and 1880, without taxation; defeated.

Consideration of the bill was then suspended, and Knott, chairman of the judiciary committee, presented his views in opposition to the report of the committee on the Kimmel bill and the resolutions of the Maryland legislature on the subject of the presidential election. Knott holds that the underlying question to be determined was not one which the committee seemed to consider paramount to all others. It was not merely whether the present incumbents of the presidential and vice presidential offices should be disturbed, but it had a wider range and reached a profounder depth. It was true it might incidentally affect the title of a couple of citizens to the honors and emoluments of certain high and important offices now claimed by them, but it also involved the dignity and sovereignty of 38 independent and co-equal states, as well as the rights and liberties of 40,000,000 of people.

The conclusion of the report is in these words: Let the representatives of the people teach the people by a solemn resolution that possession is better than right and usurpation stronger than law; that returning boards are supreme and that the law is voiceless, then indeed will the people realize that law has abdicated and that force has been enthroned, and then will the country indeed become Mexicanized. Force will be resorted to to redress wrong as well as to sustain it, and resource will be had to the sterner arbitrament of the bullet, and after usurpation shall have succeeded usurpation and anarchy will come like night and seal the fate of this great republic forever.

THE POTTER INVESTIGATION.

WASHINGTON, June 15.

On reassembling of the committee Orlando H. Brewer, one of the members of the electoral college in Louisiana during the election in 1876 was examined in regard to his recollection of his signing certificates of election. He testified he attended a meeting of the electoral college in New Orleans on Dec 6, and was chosen in the afternoon to fill the vacancy arising from his own non-attendance in the morning. Counted the votes for president and vice president, and the college adjourned. In answer to the question whether he signed any certificate of votes cast, witness said: "I have no recollection of the time when I signed them; think either that afternoon or next morning. Two or three weeks afterwards I heard that a clerical defect existed in the certificate for Louisiana; heard it from H. Conquest Clarke who was secretary of Gov. Kellogg, and was acting as clerk of the electoral college." His recollection of what the error was, was very indistinct. Immediately after the conversation he presented the papers and witness signed them. Witness here identified his signature on the returns in an envelope. He did not know whether anybody else signed or not and only signed his name at the place which was pointed out to him as being correct; did not compare the two sets of returns; had been surveyor general up to the time of the election; resigned three or four days after the election but asked that it be dated back of the 4th of November. He said he supposed the reason for getting his signature so often, was that the Republicans were anxious to get the matter just right. The whole affair was conducted in privacy. Nothing of further importance was elicited from this witness.

A letter was read from Wm. M. Evarts in response to the committee's request for any communications under his control which passed between the state department and the Louisiana visiting statesmen of April, 1877. The secretary says:

Upon laying the matter before the president, I am instructed by him to say that, while he considers it not at all incompatible with the public interests that all public documents sought for by this resolution should be made public yet he is unable to perceive that the subject embraced within said resolution is within the authority for an inquiry imparted to your committee by the house of representatives. The president has upon this view of the matter, instructed me to communicate to the house of representatives the information sought in the resolution of your committee for such a disposition by that honorable body as shall seem to it meet. I have the honor to be, sir, your obedient servant, (signed) WM. M. EVARTS.

Adjourned.

WASHINGTON, June 15.

The Potter committee resumed its session to-day. H. Conquest Clarke, formerly private secretary to Gov. Kellogg and now in the internal revenue department, was examined regarding the Louisiana certificates. He recognized the first and second sets of certificates in the possession of the committee. Witness recognized the certificates as the ones prepared by him. Anderson having stated there was an error in the certificate, Governor Kellogg requested witness to examine them. Witness was present when Governor Kellogg signed the second set of certificates, and he himself sealed them up and forwarded them to Washington. He also sealed the first set and handed them to the district judge. All the signatures in the first set were signed in the presence of witness. Witness did not prepare the messenger's authority charged with the delivery of the second set of certificates. He was of the opinion that the authority which the bearer of the second set of certificates presented was the authority prepared for the messengers of the first set. Recess.

When the committee reassembled Clark testified that he was told [illegible] saw Brewster sign the second set of certificates, and that the gentleman came in the council room and not in the governor's office as Brewster testified yesterday. He had read a statement in the [illegible] papers to the effect that some of the signatures of the Louisiana electoral returns had been forged, and therefore he clipped the paragraph from a paper and enclosed it in a letter to Governor Kellogg, [illegible] but he had never received a reply to the letter. He never heard anything [illegible] of the so-called [illegible] letter. [illegible] made by Gov. Kellogg to the handwriting in the first set of certificates, the witness had caused a number of extra copies to be made by a clerk in the office writing a plain hand. He [illegible] in excess of those required for the use of the electoral college.

Ex-Representative Carroll was recalled, remaining on the stand but about five minutes, when Chairman Potter announced that he had requested Senator Kellogg to appear before the committee but had received a verbal message from him saying that he could not comply at present. Adjourned.

THE EASTERN QUESTION.

A Denial.

CONSTANTINOPLE, June 15.—The minister of Greece here denies that Greek committees recently landed on Turkish territory or that the insurrection in Thessaly has been renewed.

The European Congress.

LONDON, June 16.—At the formal opening of the congress, the plenipotentiaries wore full court dress. Hereafter they will meet in ordinary attire. Bismarck will leave Berlin in about ten days, and neither Beaconsfield nor Gortschakoff will await the end of the deliberations. The final details have been trusted to the second and third plenipotentiaries. Beaconsfield goes to Potsdam to-day, the guest of the crown princess. Carathedory Pasha and Mehemet Ali, Turkish plenipotentiaries, made their official calls yesterday. The German court will go into mourning for the late king of Hanover, which will interfere with many contemplated festivities. It is said that, in their private interview, Beaconsfield has made a favorable impression on Bismarck, who is equally amicable to the French envoys. Mention is made of an Anglo Turkish understanding, a kind of supplement to the Anglo-Russian agreement. It confirms the paramount influence of England as felt not only in Asia Minor, but Constantinople.

Turkish Financial Commission.

LONDON, June 14.—Lord Salisbury, before going to Berlin, consulted with leading bankers about the position and capabilities of Turkey, with a view to the establishment of a financial commission at Constantinople similar to that now existing in Egypt.

WASHINGTON CITY.

Appointments Confirmed.

WASHINGTON, June 15.—The senate has confirmed Benj. F. Potts governor of Montana territory, and Indian agents John Haw of Montana, Western Shoshone agency, Nevada, John Fatter, Iowa, San Carlos agency, Arizona; Francis H. Weaver, West Virginia, Southern Ute agency, Colorado, John A. Wright, Maryland, Lemhi agency, Idaho.

Urging the Prosecution of Ex-Naval Officers.

WASHINGTON, June 15.—Chairman Whitthorne of the house committee on naval affairs presented a report to the naval committee recommending that measures be taken by the department of justice for the indictment of ex-Secretary Robeson, ex-Naval Contractor Hanscom and ex-Engineer Wood for malfeasance in office.

The Louisiana Letters.

WASHINGTON, June 15.—The documents sent to the house of representatives by the president, at the instance of the Potter committee, embrace all communication to and from the Louisiana commissioners in charge of the department of state. All have been heretofore published.

The Mexican Awards.

WASHINGTON, June 15.—A committee of conference on the bill to provide for the distribution of amounts received from Mexico in payment of the awards of the international claims commission have reached an agreement providing for an immediate pro rata distribution, except as regards to the Labra claimants. In these cases the president is authorized, in compliance with the request of the Mexican government, to reopen the question of the validity of the awards, but the proviso is added that this authorization must not be construed as any expression of opinion on part of congress concerning them.

The Army Appropriation Bill.

The report of the committee of conference on the army appropriation bill, as finally agreed on, leaves the army at 25,000 men. The section transferring the Indian bureau from the interior to the war department is stricken out. The organization of the army is to remain for the present as it is, but a commission is to be appointed to consider and report on this subject to congress. The clause relating to the use of the army as a posse comitatus is amended by omitting the words "except when specially authorized by law."

Consulting on War Measures.

WASHINGTON, June 15.—The president and secretary of war were in consultation to-day upon the subject of Indian troubles in the northwest. Secretary McCrary read to the president a telegram received by him to-day from the Governor of Oregon relating that Indians were committing hostilities on the eastern border of that state, that settlers are unprovided with arms and ammunition for the purpose of their protection, and asking the government to furnish them with supplies. The request will be granted.

Pacific Coast Appropriations.

WASHINGTON, June 15.—Some of the Pacific coast items contained in the river and harbor appropriation bill as finally passed by both houses are, for canal around the Cascades of the Columbia, $150,000; lower Willamette and Columbia, $30,000; upper Columbia and Snake rivers, $20,000; improvement at the mouth of the Columbia, $5,000. The bill also directs surveys to be made by army engineers at Crescent City, and Humboldt river, Cal., and Coos bay, and Cape Foulweather, Oregon, to ascertain the practicability and expediency of suggested improvements.

Relief Bill Passed.

The senate to-day passed a bill to reimburse U. P. Jones, of Oregon, $25,000, deposited by him for surveys on the line of the Oregon Central railroad.

The charges against the bill presented by Wadleigh in behalf of the senate committee on privileges and elections concerning the charges that Senator Grover's election was procured by bribery is a brief document. It states that the voluminous evidence taken by the sub committee which conducted this investigation, fails to sustain the charges or to connect Gov. Grover with any attempt at bribery. This being so the committee considered it unnecessary to summarize the evidence further than to state that it warrants the above conclusions.

Senator Saulsbury submitted his views in the nature of a minority report agreeing with the conclusions of the majority, but taking greater pains to avoid the appearance of leaving room for any possible influence that Grover profited by any supposed attempts at bribery. In short, Saulsbury takes the position that the charges not only failed to be sustained by affirmative evidence but were actually disproved.

The Office Holders Order.

WASHINGTON, June 16.—The president informed members of the cabinet with regard to the matter of contributions to campaign funds and assessments for political purposes that he desires a letter addressed by Secretary Schurz to one of his clerks upon that subject to be considered as embodying his own opinion and the rule governing the administration in its different branches. This letter told the clerk who addressed Secretary Schurz that he was free as any other citizen to spend his spare money in any legitimate way he pleased and as his political principles or public spirit might suggest.

How It Came About.

The East Portland *Region*, which support of the "regular" ticket in Multnomah, in its comments on the result of the election, makes these pointed remarks:

When ever an individual feels and acts as though the success of his party depended upon his selection to office, his defeat is assured. History also tells us that when a party forgets its hope of success upon men rather than principles that its ... will prevail at the expense of party. We make no accusation against the ... but we do say that the managers of the Republican party have done an unwise thing in this and that they will have to pay the penalty.

A large vessel is on the stocks at North Bend, Coos Bay.

PACIFIC COAST NEWS.

CALIFORNIA.

Torchlight Procession.

SAN FRANCISCO, June 15.—Kearney's torchlight procession has just passed and was quite an imposing demonstration. The crowd gathered at the sand lots and marched down Market to Kearney to Montgomery avenue, to Montgomery, to Market and back to the place of the meeting. Crowds lined the sidewalks and cheering was frequent along the route of the procession. About thirty five hundred were in line including a good many boys. Several military companies, some with, others without guns, were in the ranks. The procession was orderly and quiet, except for the cheering and groaning with which certain newspaper offices, etc., were greeted. No disturbance has occurred.

Brutal Assault on a Woman.

SAN FRANCISCO, June 16.—This morning John Porter, a bricklayer, residing at San Miguel station, went to the house of a neighbor, D. C. Haley, and asked Mrs. Haley if her husband was there. Receiving an answer in the negative, he accused her of lying to him, broke in the door with an ax, knocked Mrs. Haley down and beat and kicked her severely. She was at once brought into the city, but on the way to the receiving hospital was prematurely delivered of a still born child, and now lies in a very precarious condition. Porter has not yet been arrested.

ARIZONA.

Roughness in Arizona.

PRESCOTT, June 15.—Mr. Caldwell, who came to-day from Tip Top, brings the following particulars of shooting and hanging at Gillette Wednesday afternoon. One Seright was on a drunk and hit some one over the head with a bottle, whereupon Deputy Sheriff Burnett arrested him, when Sam Weir, well known in Prescott, interceded for the man, and upon promise to allow him to take Seright away, the two started down the street and had walked about 150 yards when, without any apparent cause, Seright pulled a pistol and shot Weir through the head. Seright went back and told his account, mounted a mule and put out. Half the town mounted and went in pursuit, capturing the offender in the brush and brought him back. Deputy Sheriff Burnett got possession of the prisoner and took to his assistance J. G. Taylor. They fortified themselves in a house against the mob, who soon came in great numbers. Taylor opened the door and stepped out and almost instantly received a bullet in the head. The mob then took Seright down into a cellar below town and hung him. Sam Weir was known to everybody in this portion of Arizona as a peaceable and orderly man. Taylor is a man of whom little is known. He was considered a prominent witness in a stage robbery which is now before the court, and it is believed his death was the high handedness of some one interested in the persons against whom he would soon have been called upon to testify.

Robt. Hastings came to town yesterday and gave particulars concerning the killing of John Hamilton in Chave's pass. Hastings and Hamilton left a wagon party and traveled on toward Chave's pass, and had gone but a short distance when House appeared from the ravine and joined them. They traveled on into the pass, when they stopped to take some water, and as Hamilton was replacing the canteen upon his saddle House drew a revolver and shot him in the back of the head. Hastings lost no time in getting to the brush and came on to report the crime.

NEVADA.

Miners' Muss.

VIRGINIA, June 15.—A meeting of superintendents was held at the Gould & Curry office this morning to resolve upon a line of policy to be adopted with regard to the Mechanics' Union. Superintendents Patton, Osbiston, Gillette, Deischeimer, Egan, Bonnemort, Requa, Schultz, Hamilton, Taylor, Jones, Smith, Forman, Canavan, Boyle and Hillyer were present. Superintendents Fair, Curtis, Strobe and Sheppard were absent. The meeting lasted until 11 o'clock. The conclusion arrived at was that the committee, composed of Messrs. Canavan, Osbiston and Requa, should consult with the Mechanics' Union in order to agree upon a scale of wages, said committee to report to the superintendents next Monday evening, to which time the meeting adjourned.

A member of the Mechanics' Union wishes the *Chronicle* to say that before the committee made a peremptory demand upon Mr. Patton for the discharge of all $4 mechanics, one of the committee asked this question: "Mr. Patton, can you give us any assurance that our demands will be complied with on the 1st of July?" To which Patton replied: "I cannot, as I must be guided by orders of the trustees."

THE IDAHO INDIAN WAR!

All the Malheurs Gone on the War Path.

SAN FRANCISCO, June 16.—Very little news at the military headquarters this morning, with the exception of a dispatch from the agent at Malheur Indian reservation, confirming the report that the Indians had left there, probably on the war path. There were at the agency on the 1st inst. 300 Malheurs, and 70 Bannocks from Ft. Hall. On the 2d they began stealing away, [illegible]. Chief Egan went away the first. On the night of the 7th all disappeared. Chief Winnemucca was at [illegible] weeks ago. On the 1st inst. Chief Eagle Eye and 12 Weiser Indians received supplies at Camp Smith, and left, going East.

BOISE CITY, June 16.—Nothing important has transpired or been received here since yesterday in military quarters. Preparations for the coming campaign are going forward quietly but earnestly. Gen. Howard [illegible] at Sheep Ranch, and Col. Bernard's command is in the same neighborhood, reconnoitering.

Body Found.

The body of the stage driver killed by Indians near Owyhee ferry on the 8th has been found and buried. The body was found about 500 yards from the spot where the stage was burned. Major Downey, who was on the way with the troops from Fort Harney to join Howard at Sheep Ranch, upon learning that the Malheur Indians, under Chief Egan, were on the war path, returned his command to Fort Harney. Experienced Indian fighters and frontiersmen believe that there is a general uprising of all the tribes and scattered bands throughout Southern Idaho and Eastern Oregon, and they will be able to muster at least 1,500 warriors. The emigrant train which was detained at Payne's Ferry, arrived here to-day under escort of Capt. Bush's volunteers. There have been no stages through from Winnemucca since the raid.

The Kelton and Boise City road has not been disturbed since the Indian raid on King Hill station, which occurred on the 31st of May. This route is considered safe, and stages are running regularly upon time. Among rumors afloat is one to the effect that large bands of horses were discovered yesterday on the south side of Snake river between the mouth of the Bruneau and Mundy's ferry. This would indicate that the Indians are endeavoring to get back with their stolen stock to the lava beds, from which they started. The prevailing opinion now is that the Indians will concentrate in the neighborhood of Stein's mountain, and there either await the coming up of the troops or divide into bands for raiding the exposed settlements. As yet the situation is undeveloped, and there is little but conjecture and speculation. No doubt exists, however, as to the gravity of the situation or the magnitude of the war, which will probably employ all the forces to win the field for several months. In the meantime at a most important juncture, Idaho is without a governor. The confirmation of Gov. Hoyt and his early arrival upon the scene is earnestly prayed for by all.

LATER.—Gen. Howard's scouts report the hostiles concentrating in large force at Stein's mountain, and the general is moving his troops in that direction. Gen. Crook's expedition to Camas prairie with [illegible] companies will be turned back and go directly to Stein's mountain.

Chased by Savages.

SILVER CITY, Idaho, June 16.—Two men out about seven miles from Fairview, this morning came across a squad of eight Indians near Snow creek. The men suddenly retreated and were chased by the savages, but having better horses, [illegible] them. Twenty men went out after to find the hostiles, but did not succeed.

Killing of McCutcheon.

Stage agent Baker, in to-day from Owyhee ferry, states that McCutcheon, the driver recently killed by the Indians, made a desperate attempt to escape from the savages. On seeing them he wheeled around and put the four horses on a full run towards McDermit. The Indians gained steadily on them, firing all the time. After running three miles the driver and passenger jumped out, detached the leaders, each mounting a horse and pushing on for life. They seemed in a fair way to escape, but the horse being ridden by the driver fell, when the Indians overtook and killed him. The passenger escaped.

Movement of Troops.

Capt. Wilkinson left here to-day to meet General Howard at Camp Lyons. Whipple's two companies of cavalry stationed at Walla Walla are already there. Howard will take the troops to Rinehart's crossing of the Malheur and operate against the hostiles from that section. Col. Bernard is still at Sheep Ranch and will await the arrival of the companies there, and with his own will proceed to Stein's Mountain. Egbert's two companies are now moving in the direction of Jordan valley. These combined movements are made with a view to corralling the Indians, but there is such an immense scope of country that it is not probable immediate success will be achieved. L. Rinehart, reported killed by the Indians, is alive.

WASHINGTON TERRITORY.

The Seattle *Dispatch* says that Crockett Lake, near Admiralty Head, will be drained, and 1,000 acres of excellent land reclaimed at a cost of $1,500. The lake is separated from tide water only by a narrow spit.

The Seattle riflemen are preparing in earnest to beat their Victoria friends on the Fourth of July. They are out practising every few days, and several of them have improved in a marked manner since the contest on the Queen's Birthday.

The new kiln just finished at the Tacoma lime beds will hold about 200 barrels, and with the two kilns 500 barrels may be burned at once. A tramway is to be built from the kilns to the railroad, a distance of about three fourths of a mile, as soon as a few pressing orders for lime are out of the way.

Dayton, W. T., *News*: To show how very fast Columbia county is filling up we herewith give some facts obtained from Mr. Chas. White, deputy assessor. There are 1,580 persons east of Tukannon. On Assotin prairie, where last year were only two or three persons, there are now 307, and more coming in daily. Some large farms are being put into cultivation. Truax & Co. have over 1,000 acres broke in the Deadman country, near Snake river.

OREGON.

Capt. O. C. Applegate has retired from the Ashland *Tidings*. Mr. J. M. Sutton will take his place.

The stable, together with feed and harness, belonging to Peter Burns was destroyed by fire in Looking Glass, Douglas county, last Wednesday.

Under the caption "Cronin's Country," the Chicago *Times* of May 18th prints an article descriptive of Oregon, from the pen of L. B. Sidway, who recently visited our state. The head line editor had to make an alliterative title; but the letter is an excellent description of Oregon.

THE INVESTIGATION

When the managers of the late investigation of [illegible] the witnesses whose drivel has been pouring [illegible] the news reports, they were [illegible] "case" [illegible] the object was [illegible] manufacture campaign capital. [illegible] was [illegible] would be [illegible] foundation for unseating Hayes. After having pumped their witnesses at great length they have only [illegible] lot of twaddle which is utterly worthless as testimony that those who [illegible] investigation [illegible] adopt almost with unanimity a resolution declaring that it is no part of the purpose to disturb the title of the president, which has been settled by a solemnly enacted law. The investigation is not only a failure but it has sunk into contempt. Stanley Matthews is the only man affected by it, and of him it must be said that he has quite disgraced himself by his efforts to get office for the principal witness of this investigation, for which the said witness promptly took his wares and disposed of them to the movers of the Potter committee. The managers have reason to be ashamed of the flood of flapdoodle which has been poured out as testimony. It is certain that the witnesses have fearfully disappointed the eager inquisitors. All the fermentation with froth of circumstance which has been witnessed for near a month past tends to nothing except to show that [illegible] and unscrupulous place hunters disappointed in their purposes conceived the idea of striking for revenge and were encouraged in it. The Potter committee was gotten up to bring out the wonderful revelations these persons had to make. What has been produced is far below the material out of which ordinary campaign capital is manufactured, to say nothing of making out a case for unseating the president. This proceeding is understood to have been inspired by Mr Tilden to lay the foundation for the movement which he has repeatedly said he was going to make to recover the rights out of which he was beaten by the electoral commission. But it is easier to double up a railroad than to find a basis for a suit of recovery here.

When this movement was broached Stephens, of Georgia, predicted that the upshot of it would be a contemptible farce or a horrible tragedy. So apparent is the farcical result that the managers of the inquisition may well wish they were done with it. That is the way in which their resolution not to attempt to disturb Hayes is to be interpreted. It is virtually declared by those who voted for the resolution that their action was unwise, and now when they come to look into the influence which compelled them to do violence to their own better judgment they trace it back to an unseen hand. A southern member of congress was recently interviewed on this subject by a reporter of the New York *Herald*. This member was one of those who on the 21th of April, when every congressman was interrogated on the subject, had unreservedly condemned the proposition and movement. And yet, shortly afterwards he supported the resolution with his vote. Being asked to explain this inconsistency he said: "Two or three leading newspapers of my district suddenly came out for it and threatened that no one should be returned to congress who dared to oppose the resolution." The object of the average congressman being, not so much to serve his country as to make his calling and election sure for another term, this method was decisive. All over the south the papers came out simultaneously in the same style. Members were dragooned into it. The reporter inquired if there was any excitement in the south about these alleged frauds in the presidential title, whether any public meetings had been held or any letters received from constituents urging members to support the movement. It was answered that nothing of the sort had taken place. There was only this sudden outburst of the press and that is what I find every member tells me of his district. The newspapers all at once blew out and threatened everybody's seat who dared to oppose the investigation. All this is suggestive of the "literary bureau," which Mr Tilden set up during the presidential canvass to furnish editorials for journals in all parts of the United States. It is not improbable, indeed the facts are sufficient to create a highly plausible supposition, that the simultaneous articles published in the several papers in each district, came piping hot from the Tilden literary workshop. This would account for the sudden journalistic uprising which intimidated the southern members and virtually forced them to vote for an investigation which was much against their own judgment and now proves a ridiculous failure.

NON-PARTISAN MOVEMENT

California has called a convention to amend her constitution, and is about to hold an election for delegates to such convention. In the cities the better class of people without regard to party are acting together. A constitution should be made for a whole people. It should embody general and permanent principles. Therefore it should not be constructed on a partisan basis. Besides, the people of California do not want to delegate to Kearneyism the power to make a constitution for the state. Acting on the fact that the vital issue in the election is prevention of this result non-partisan candidates have been nominated. But of course cliques of professional politicians of both parties, who are always on the hunt for advantage for themselves, have nominated straight tickets. A California paper readily recognizes among them "a large percentage of stale political hacks, adventurers and place hunters," and draws therefrom the perfectly fair presumption that they are not inspired by anything in the shape of public spirit. Men who have no political capital in their own ability and who have no objects to propose which can commend them to the public fall back on every occasion on the party and by display of partisan zeal and professions of partisan fidelity endeavor to support their pretensions. The set who have no other political capital to bank upon are now at the front in California shouting for the party. The press of the state interpret it as a movement to betray the convention into the hands of the Kearneyites. It is nonsense, says the paper before quoted from, to pretend that there is any excuse for partisanship in such an election as is about to occur. All that the interests of the community require is the nomination and election of sound and capable men, and it is of no practical importance what they call themselves so long as they are not tainted with communism. Should the Kearney crowd get possession of the convention they would reject every principle on which a permanent constitution could be established and force their own extreme and fanatical notions into the fundamental law. The people [illegible] want to amend their constitution [illegible] with [illegible] of the rant uttered at the sand lot meetings in San Francisco.

THE COLUMBIA RIVER

In the river and harbor bill as finally [illegible] of representatives is an [illegible] for the canal and locks at the [illegible]. This will [illegible] the important work started, but at the [illegible] it will take ten years or [illegible]. A [illegible] for a greater appropriation. It is the worst [illegible] to make these appropriations [illegible] every year in keeping [illegible] after the annual [illegible] the entertaining right [illegible] national [illegible] appropriations. Every member [illegible] something for his district and it will not do to run the aggregate appropriation above a certain sum [illegible] every [illegible] the water courses [illegible] always do not receive what they ought. We should also have an appropriation to begin construction of canal and locks at the Dalles, but this though equally necessary with the appropriation for the Cascades seems to have been entirely [illegible]. An open channel at the Cascades will be of little use without an open channel at the Dalles. The only true way to establish complete [illegible] line of communication between the two great sections of our country is to put these undertakings through. The canal and locks at the Cascades, if the money could be had, could be completed in two years and that at the Dalles within not much longer time. THE OREGONIAN has ever been an advocate of this plan of opening the river to free navigation and it holds that one of the highest duties of those who represent Oregon and Washington in congress is to urge the large [illegible] appropriations to this purpose. Their next efforts should include an appropriation for canal and locks at the Dalles. If the matter [illegible] at Washington the work at the two places may be ordered to proceed together. This is even more necessary now since it is probable all [illegible] railway legislation has failed.

THE INDIAN WAR

Our dispatches to-day are well calculated to increase the public apprehension of a very serious Indian war. The Indians heretofore on Malheur reservation have decamped and gone to join the war party. These Indians are a savage and resolute tribe and will make a strong reinforcement for the other bands. All accounts show that the war party are moving rapidly towards the west and south. Their course seems to be toward Stein's mountain, which is immediately south of Harney lake near the Nevada line. This is a place as nearly inaccessible as any that could be found. The country is rugged and transportation will be difficult. In this great interior region they may elude the troops or fight as they please. The report that one thousand fighting Indians may be collecting in this hostile enterprise is not necessarily an exaggerated one. It is quite certain that all the various bands within that region will be included and there is some reason to fear that the war party will be reinforced by stragglers from Warm Springs and perhaps from other localities. The situation really looks alarming. All the troops that can be had will be necessary for the work. Right here let us not forget to say that when this outbreak is suppressed there should be a proper amount of judicious hanging. The country is tired of this business.

No person of decent sensibility can afford a controversy with the malodorous individual at Astoria who advertises himself as an editor to a very limited circle of readers. However we take this occasion to repudiate the familiarity he would claim with us when he says: "You know that we know that you have been guilty of telegraphing mean things from Portland, Oregon, to New York via Washington to have the same come back here by the same means and be published in the dispatches as comments of the eastern press." How should this assertor of himself know so much? He has no standing whatever to claim any knowledge of those who have too much self respect to recognize him. As matter of fact we have not sent a dispatch of any kind to the east for a year and a half. This disposes of what the Astoria fellow "knows," but we must confess the game isn't worth the candle.

Four attempts have been made to assassinate the emperor of Germany. The first was in 1850. In that year when he was on his way to quell an insurrectionary movement an attempt was made to kill him. Again in July 1861 a desperate effort was made to assassinate him by one Oscar Becker, a Leipsic student, who was sentenced to twenty years imprisonment. The third attack was that made by Hoedel in May last and fourth was the attempt made by Nobeling, by which the emperor was badly wounded, but from which he is recovering in a remarkable way for one of his great age.

An investigation of the manner of Grover's election was called for by persons in Oregon, the object being to turn him out of the senate. At last he has obtained a report. It exonerates him. So Grover sits. There has been no danger of his being unseated. If this investigation has been a cloud upon him heretofore he has opportunity now that it is removed to assert himself and be active and even aggressive where he has heretofore shown timidity and hesitation. Oregon needs earnest and courageous service.

Telegrams received Saturday evening state that Grant county, which has been heretofore reported as giving twenty majority for Beekman, goes eight for Thayer. [illegible] gives Thayer one more than heretofore reported. On the other hand a dispatch from the south states that Lake gives a Democratic majority [illegible]. Should these reports [illegible] prove [illegible]

[illegible] on decoration day [illegible] let it never be [illegible] may hold its proper place [illegible] which he loses no opportunity to make.

On the 6th June when the army bill as passed by the house reducing the army to 20,000 men was before the senate Grover of Oregon was among those who refused to sanction the action of the house. He voted for the amendment to maintain the strength of the army at 2[illegible]. It is an amendment carried in the senate by [illegible].

The exercises will consist of salutes, procession, military parade and drill, a base ball match, trial of steam fire engines, a grand display of fireworks and a grand ball. Arrangements have been made by which special trains over the O & C R R will arrive at Salem about 10 A M, and will carry passengers to and from the celebration at half fare. Trains will leave in the evening for both north and south. Following is a list of the officers of the day: President, Hon S [illegible]; orator, Hon Elwood Evans; reader, George W Belt; chaplain, Rev [illegible] Adams; grand marshal, J M Patterson.

ARMING HIS MEN. — Col Joseph Teal, who came down from Eastern Oregon during the latter part of last week, says that the Indians all through that section are uneasy and upon slight provocation would take up arms against the whites. [illegible] the Warm Springs who have heretofore been strong friends of the government and who have on more than one occasion rendered efficient service in wars against murderous tribes of their own race refuse to join their forces against the Bannacks, and the colonel thinks that a large party of them will join the outbreakers. He deems the danger so great that upon arriving here he purchased ten of the best make of rifles and shipped them to his ranch where they will be used by his employes in their own defense.

CHURCH REPORT. — At the Congregational church yesterday morning Rev J A Cruzan, the pastor, made an annual report of the condition of the church and its labors and successes during the ecclesiastical year just closing. The statements were full of encouragement and inspiration. Present membership 206, including Rev R S Stubbs, who was received as a member at his service on his ministerial parchments from the Methodist Episcopal church, in which he has served for more than twenty years as a minister in full standing. The Congregational Association of Oregon and Washington territory will hold its next session at Oregon City commencing on next Thursday.

BIBLE READINGS. — The bible readings by Rev Mr Brown yesterday in the Baptist church, the rooms of the Young Men's Christian Association, and the Presbyterian church were attended by large audiences. Many had to go away last evening, the Presbyterian church was packed to its full capacity. He is to hold a Bible reading service this day at noon at the rooms of the Y M C A from 12 to 1 P M. In the evening he will hold services in the Presbyterian church at [illegible] 30, at which the singing service will be conducted for fifteen minutes by Mr Wm Wadhams. All friends are invited to bring their Gospel Hymns No 1, as that is the singing book that will be used.

THE INDIAN [illegible] — A dispatch from Gen Howard was received yesterday by Capt Sader stating that about 500 of the hostile Indians have started toward Camp Harney in this state and that they are receiving accessions as they march. MONDAY MORNING, JUNE 17 1878

CITY.

CITY ELECTION.—To-day the citizens of [Port]land will elect a commissioner [illegible] a councilman from each of the three [wards] into which the city is divided. The [candi]dates named by a convention representing the Democratic sentiment of the city are [Peter] Taylor, Esq, for commissioner and [illegible] Ryan, Thos. Robertson and R. Mendenhall for members of the council from the First, Second and Third wards respectively. [The c]onvention representing the Republicans nominated Geo Ham Esq for commissioner and Messrs. Thomas Mountain [illegible] and Henry Weber for the ward [councilmen]. The First ward is all that part of the city below Washington street and the [polling] place is at the corner of Second and [Stark] streets, the Second ward is the district between Main and Washington streets and [the pol]ling place will be at the Hook and [Ladder] house on Fourth street between Main and Yamhill streets. The Third ward is [that] part of the city above Main street and [the] polls will be held at the company No 4 [engine] house, on First street between Main and Jefferson.

[ILL-]MAN SHOOTS.—Mike Sullivan is the [name] of a runner for Turk's sailor boarding [house] and Jack Lennahan is the name of an [attaché] of the Howard House an establishment of the same kind. Business rivalry has [caused] unpleasant social relations between [these] gentlemen, and while the former was [near] the latter's home last evening Jack [came] forth and dealt him a stunning blow [in the] face. Mike retaliated with all the force [at his] master, but being somewhat under [the influ]ence of liquor, was easily overcome. As he had matters his own [way,] Jack walked in lively and gave [him] such a plugging as probably [illegible] deserved. As soon as Mike could [get up] he went home and got a pistol and [taking] took deliberate aim at Jack and [fired,] but his aim was uncertain, and the [ball] [fai]led of its mark. Jack then again [went] into Mike and gave him a second [dose] of the flogging. While engaged in [this] police officers appeared and marched [both] off to the city jail, where he now is. [The ca]se will be investigated to-day.

[PACI]FIC COAST PATENTS.—Through C W M [Smith,] patent solicitor, San Francisco, we [have] received the following latest list of pat[ents] issued to inventors of the Pacific coast: [illegible] Wingard, San Francisco—nail sle[d]; James Brett and Bethune Ferry, [illegible] Cal—saw mill head blocks. Yung, San Francisco—pockets for garments; H. Hames, San Francisco—apparatus [for ma]king sulphur. Augustus E Hare, [illegible] Cal—fruit pitting machines. Samuel [illegible] San Francisco—sewing machine tables; A. Miles, Rio Vista, Cal—tire setters; [Wil]liam S. Thompson, Sacramento Cal—[illegible]; Ira D Cross, San Francisco—fire [illegible]; George L Reynolds, Oakland town [illegible] Cal—window screens. Re-issues—Chas [illegible], San Francisco—ore roasting fur[nace]. Trade marks—Berthold Greenebaum [San] Francisco—overalls, jumpers and gar[ments] of outside wear. Abrams & Carroll [San] Francisco—lemonade compound.

[FOURTH OF JULY] CELEBRATION.—We have re[ceived from] the executive committee who [have] charge of the arrangements for the grand [Fourth] of July celebration to be given at [Salem an] invitation to be present and participate in the ceremonies of that occasion. The [exercises] will consist of salutes, procession [illegible] parade and drill, a base ball match [illegible] fire engines, a grand display of [fireworks] and a grand ball. Arrangements [have] been made by which special trains over [the O] & C. R. R. will arrive at Salem about [illegible] and will carry passengers to and [from] the celebration at half fare. Trains will [leave] in the evening for both north and south. [Follow]ing is a list of the officers of the day: [Presi]dent, Hon. S. F. Chadwick, orator, Hon [illegible] Evans; reader, George W Belt; [chap]lain, Rev. S. C. Adams, grand marshal [illegible] Jefferson.

[ALARMI]NG NEWS.—Col. Joseph Teal who [has arrived] from Eastern Oregon during the [latter] part of last week, says that the Indians [through] that section are uneasy and upon [slight pro]vocation would take up arms against the whites. Even the Warm Springs, who [have] heretofore been strong friends of the whites, and who have on more than one [occasion] rendered efficient service in wars [with the] murderous tribes of their own race [are ready] to join their forces against the Ban[nocks], and the colonel thinks that a large [number] of them will join the outbreakers. He [deemed] the danger so great that upon arriving [here he] purchased ten of the best make of [rifles] and shipped them to his ranch where [they] will be used by his employes in their defense.

[ANNUAL] REPORT.—At the Congregational [church] yesterday morning Rev. J A. Cruzan, [the pas]tor, made an annual report of the con[dition] of the church and its labors and suc[cesses] during the ecclesiastical year just closed. The statements were full of encourage[ment] and inspiration. Present membership [illegible], including Rev. R. S Stubbs, who was [received as] a member at this service on his [illegible] credentials from the Methodist [illegible] church, in which he has served for [the last] twenty years as a minister in full [connection]. The Congregational Association of [Oregon] and Washington territory will hold [its an]nual session at Oregon City, commencing [next] Monday.

[BIBLE] READINGS.—The Bible readings by Mr. Brown yesterday in the Baptist [church,] the rooms of the Young Men's Chris[tian A]ssociation and the Presbyterian church [were a]ttended by large audiences. Many had [to go a]way last evening, the Presbyterian [church] was packed to its full capacity. He [will ho]ld a Bible reading service this day at [3 P M] at the rooms of the Y M C A from 12 [to 1] P M. In the evening he will hold ser[vices] in the Presbyterian church at 7 30 at [which] the singing services will be conduct[ed as] formerly by Mr Wm Wadhams. [Chris]tians are invited to bring their Gospel [Hymns,] No. 1, as that is the singing book that [will be] used.

[THE INDIA]NS.—A dispatch from Gen How[ard] was received yesterday by Capt Sladen, [stating] that about 500 of the hostile Indians [were mo]ving toward Camp Harney, in this [state, a]nd that they are receiving accessions [on the] march. He instructed Capt S to [order] [illegible] command, now en route to Har[ney,] [to push on] with all possible haste. From dis[patches] heretofore received, the present order [was not] anticipated, and a messenger was [dispatch]ed on Saturday with instructions to [proceed in] haste after Miles and inform him of [the alarming] condition of affairs and the great [necessity fo]r haste.

[PROMOT]ION.—At a meeting of the board of [directors] of the Oregon Steam Navigation [Com]pany, held on the 1st inst, Capt George [A. Ains]worth was appointed assistant general [super]intendent of the company. Capt. [George,] as he is known on the river has [been in charge] of various boats of the company [during] the past three years and as thoroughly [understa]nds the details of steamboating as [any man] in the northwest. Besides this prac[tical] knowledge, he is thoroughly familiar [with] the science of engineering. We are [glad to l]earn of Capt. Ainsworth's promotion.

[SINGUL]AR SICKNESS.—The wife of Mr Wm [illegible], county treasurer elect, was taken [sudden]ly ill while alone in the house. Short[ly after] her two daughters arrived home and [found] her clinging to the bed paralyzed [illegible]. They immediately called in medical [aid,] but the physicians were unable [to solve] the mystery of her condition, as [she spoke] as naturally as if she were in the [full] possession of her physical powers. [Al]though she lay for a couple of days [she] seems able to articulate faintly and at [the] present time she shows favorable signs [of re]covery.

[MOONLIGHT] EXCURSION.—A moonlight ex[cursion wil]l be given on Thursday night from [this] city down the Columbia. The steamboat [illegible] and the barge *Monarch* have been [char]tered for the occasion, and no effort tending to make the affair pleasant will be spared. [A] good band of music has been engaged [illegible] will take special care that no person [of] doubtful character is allowed to ac[company] the party.

AN OREGON GRADUATE.—Mr Charles P H[ewert,] son of Mrs B Hewert of this city, re[cently] graduated from the University of Cali[fornia] at Berkley having stood second in a class of nineteen. He is expected to be home [in a] few weeks. [illegible] after which he will set sail for New York to attend a medical college in that State. His mother [illegible] and when his [illegible] it is her intention to erect a fine brick building and establish him in the [illegible] business in this city.

WANTED [illegible]—An individual named J Harris went to the [illegible] of Mr [illegible] [illegible] Harris used [illegible] will [illegible]

[illegible]—A [illegible] the attendance at the [illegible] open air services at the [illegible] Friend Society by Chaplain Stubbs. Capt Harriman extended a very cordial welcome to the [illegible] and [illegible] from several persons present attesting the growing interest of these meetings.

WORK COMMENCED.—A day or two ago a company of laborers commenced the work of excavating for the foundation of the proposed [illegible] church building. The congregation hope to have the building completed by the coming fall and no effort toward that result will be spared.

FOOT RACE.—There is likely to be a foot race soon. Frank Winter of Oswego having challenged any citizen of Oregon to run 100 yards for $500 is promptly asked to come to the center by John Wesley of this city. Now let them settle the preliminaries and name the place and time.

THE GREAT REPUBLIC.—A dispatch from San Francisco states [that] the steamship *Great Republic* sailed from that city for Portland on Saturday morning at 10 o'clock with freight and passengers. She is a rapid boat and will probably arrive [here] to-morrow.

LOTS SOLD.—Two lots at the southeast corner of Mill and Sixth streets were sold on Saturday by the sheriff for $2,[illegible]. The improvements on them are small and of but little value. The sale shows a healthy tendency in the real estate market.

FAIR [illegible].—By general request the ladies' fair of the G[race] church will [illegible] time open this evening, when all the articles now unsold will be disposed of at auction. So far it has been a great success and a goodly sum has been realized.

LAUNCHED.—The hull of Capt. [illegible]'s new boat was launched from the ways above Smith's saw mill on Saturday. She was christened the *[illegible]*. The model is hard[y] [illegible] and the *[illegible]* will doubtless be a handsome and popular craft.

POSTPONED.—The steamship *[illegible]* which was to have sailed for San Francisco this morning will not leave until Wednesday at [illegible] o'clock A. M. The delay is probably a matter of policy to [illegible] the *Great Republic*.

GRAND LODGE I O G T.—The Grand Lodge of the Independent Order of Good Templars will convene at Good Templars hall in this city to-morrow at 10 o'clock. Delegates from every part of the state will arrive in the city to-day.

DEMOCRATIC REJOICING.—The Democratic citizens of East Portland had a grand time Saturday evening in honor of the election of Judge Thayer. Fireworks, music and speeches formed the programme for the occasion.

DEPUTY SHERIFF.—Mr B L Norton sheriff elect has appointed Mr Wm Church Jr, his deputy. Almost everybody in Portland knows and likes Mr C and his appointment will be a matter of general satisfaction.

FINE MUSIC BOX.—B L Stone has a music box which he imported direct from Paris. It has six cylinders, plays 4[illegible] airs and cost $600.

PIONEER REUNION

FRIDAY AFTERNOON.

At the close of the speaking, the crowds dispersed about the ground, gathering around the various refreshment stands, walked through the groves or settled down in some [illegible] discussion [illegible]. It was announced on the programme that the procession would form at 4 o'clock and parade about the grounds. However it was [illegible] the parade. About [illegible] Judge [illegible] delivered [illegible] address to the immigration of 1852. An enormous crowd collected in the [illegible] Mr [illegible] but it was with much difficulty that he [illegible]. It was very [illegible] Among the [illegible]

EVENING.

Was very [illegible] attended and proved [illegible] interesting feature of the reunion. About 7 o'clock a large campfire was kindled in the grove and an [illegible] crowd gathered around it for the purpose of hearing the speeches and talks of the [illegible] pioneer days long since departed. A [illegible] in which a number participated. Short speeches were made by Mr Willard [illegible], Joseph Watt, W C Myer, Mrs [illegible], Uncle Win Shaw, Col W [illegible] White, Col J W Nesmith and others. The speeches were all impromptu [illegible] by turns. The occasion was one of great interest and pleasure to all and the [illegible] of incidents of early pioneer days will long be held in [illegible]. In the course of the evening Mr [illegible] Jackson delivered the [illegible] by singing several songs.

It was certainly pleasant to listen to the stories of those old grey haired men and to hear them recount the days of suffering of the settlements they made, of the suffering and privations they experienced. [illegible] this [illegible] of pioneer [illegible] the [illegible] Several hours were thus passed pleasantly and the [illegible] did not break up until [illegible] o'clock.

RECEPTION COMMITTEE

Al Zieber Portland, W L White Oregon City, R H Gilroy, W [illegible] R Herren Albany, S H [illegible] [illegible] Jas W Cox [illegible]

A large number of tickets were sold during the day and evening and the receipts were very substantial. Dancing was kept up spiritedly until very late when the [illegible] participants dispersed.

During Friday it was estimated that at least 1,000 persons visited the grounds. The whole affair was conducted in a manner reflecting much credit on the managers. No accident occurred during the day and nothing calculated to mar the enjoyment of the crowd.

The attendance this year was considerably less than that of preceding years and a corresponding decrease in the receipts is the result. However by careful and shrewd management it is thought that the receipts will be sufficient to defray all necessary expenses.

MONUMENT TO DR. WHITMAN.

The Pioneer and Historical Society of Oregon are taking measures to erect a monument at the grave of Dr. Whitman in Walla Walla county, W. T., and intend to ask aid and assistance for that object from citizens of Oregon and Washington. The following conveyance of the land which includes the resting place of Dr. Whitman and others has been recorded at Walla Walla, and is copied from the record there:

WHITMAN STATION, [illegible]
WASHINGTON [illegible], June 1?, 1878.

Know all men by these presents, that we, Mountravell Fisk and Josephine Fisk, have this day bargained, sold and granted, in consideration of one dollar to us paid, one fourth of an acre of land lying and included within our land known as Section 12, T. 7 N., R. 35 E., in the county of Walla Walla and territory of Washington, to the president and executive board of the Pioneer and Historical Society of Oregon *and their successors*, for the purpose of erecting a monument to the memory of the late Dr. Marcus Whitman and his associate dead, including the graves where the said deceased parties now rest.

It is further bargained and agreed that in case the said Pioneer and Historical Society of Oregon, or any state or territory, shall appropriate funds to prepare for and build a monument to the memory of the said Dr. Whitman, and fence and ornament the same with trees and a permanent fence, by removing the remains to the top of the mound or hill about 20 rods east from the present place or ground where the bodies at this time are deposited, then we donate and dedicate, forever, one or two acres for such purpose. We also dedicate the right of way to and from such ground, on condition that gates shall be closed on a good and sufficient fence to turn stock, on either side of a road thirty feet wide, from the one fourth or one half acre of ground at the base of the hill to the nearest road southeast from the present place of burial to our east line, they reserving the right of one lot twenty five feet square for personal or family use.

It is also agreed that all the grounds over and above the ½ acre above specified, in case not improved as above by removing bodies, fencing and ornamenting as above, shall revert to the original owners his or her heirs.

In witness whereof we have hereunto attached our hand and seal.

Boston Wool Market.

BOSTON, June 15.—There is little doing in wool the past week, and a larger number of buyers in the market than for some weeks previous, but the same indifferent feeling, noticed for a long time, was evident, and there is no indication of any improvement. Holders are still disposed to close up old stocks at current rates, but sales can only be made at concessions. It is considered doubtful if the lowest point has yet been touched, as most of the new wool on the market is still held above the views of buyers, and offers for old wool have been generally from 1 to 2 cents under recent prices. Combing wools are dull and prices quite nominal. DR. PAUL M. BRENAN.

His Wonderful Success
IN THE TREATMENT OF ALL
Chronic and Difficult Diseases,

He has astonished the People of this Coast by his skillful Operations.

HE HAS TAUGHT IN HIS public and private lectures the true principles of health and life to both male and female. He has also warned them against habits that would be likely to produce disease, in plain and comprehensive language. But where he has found them crushed and broken down by disease, mentally and physically, he has restored them to health and happiness, for it is well understood that without health there can be no happiness.

DR. BRENAN has made a specialty in the treatment of the following diseases: Catarrh, Bronchitis, and all diseases of the throat and chest, by an entirely new system only known to himself. Diseases of the Kidneys and Urinary Organs, including Spermatorrhea, Seminal Weakness or premature loss of Manhood. In the treatment of these diseases he has made a world wide reputation by his astonishing success, not only on this Coast but throughout the whole United States. Diseases of the stomach, bowels, liver and kidneys as well as all diseases of the blood and skin he has become master of, and never fails to give relief at once, and permanently cures the case if he is applied to in time.

THE DOCTOR HAS GIVEN SPECIAL LECTURES to ladies only for years and is perfectly familiar with all female complaints, and understands their delicate and refined organization, as well as the proper remedies which should be used to allay their suffering and restore them to perfect health.

THE DOCTOR HAS THIS ADVANTAGE over most physicians—he can tell the patients' disease the moment he comes in contact with them without any aid from the individual. This accounts in part for the great professional success.

All surgical operations can be performed by his skillful hand, and the patient need not fear the result.

DR. BRENAN will send to those living at a distance and who cannot well visit his office a list of Printed Questions and by the answers when filled out he can tell the disease as well as the proper treatment almost as well as seeing the patient personally and will forward the proper medicines, or instruments, to any part of the country with full instructions and advice. Each letter requiring advice or list of questions, must contain two postage stamps.

Everything strictly confidential and honorable.

THE DOCTOR has studied in the best Medical Schools in Europe and three years in the Jefferson Medical College at Philadelphia, as more than one of the Medical men of the Medical Faculty in this State can testify.

CAUTION.

Persons coming to Portland, requiring medical treatment of the proper kind, who desire to consult with me, will please beware of persons who may try to coax them away to other so-called Doctors, through pretended friendship for the patients. Look out for them; they are knaves, prompted by selfish motives and what they can make. Be sure and ask for DR. PAUL M. BRENAN, the *Medical Lecturer*, and read his sign on his door.
